

RIPSTOP SILVER FABRIC

High Quality Silver for Performance

Good microwave/radiowave shielding. First developed as an antibacterial fabric for general use (wound healing and odor control) so you know it has consistent high quality, Ripstop Silver Fabric is a very conductive, high shielding performance fabric. Pure Silver coated onto nylon RipStop for strength. Can be used for garment liners. Also great for static control. Comfortable and safe against the skin. Resistivity is less than **0.25 Ohm/sq**. Light gray color. Light weight too: only 1.2 ounce per sq yard. -30°C to 90°C temperature range. **59 inch wide**. Hand washable. Made in USA.

Common uses:

- Electric field shielding
- Microwave shielding
- Anti-static / grounding surface
- RF shielding jacket, hat, garment liner.
- Faraday enclosure
- Window drapes or appliance cover

Ripstop Silver Fabric (Cat. #322)
